

INSTRUCTIONS FOR ONLINE-SUBMISSION VIA OCS PLATFORM

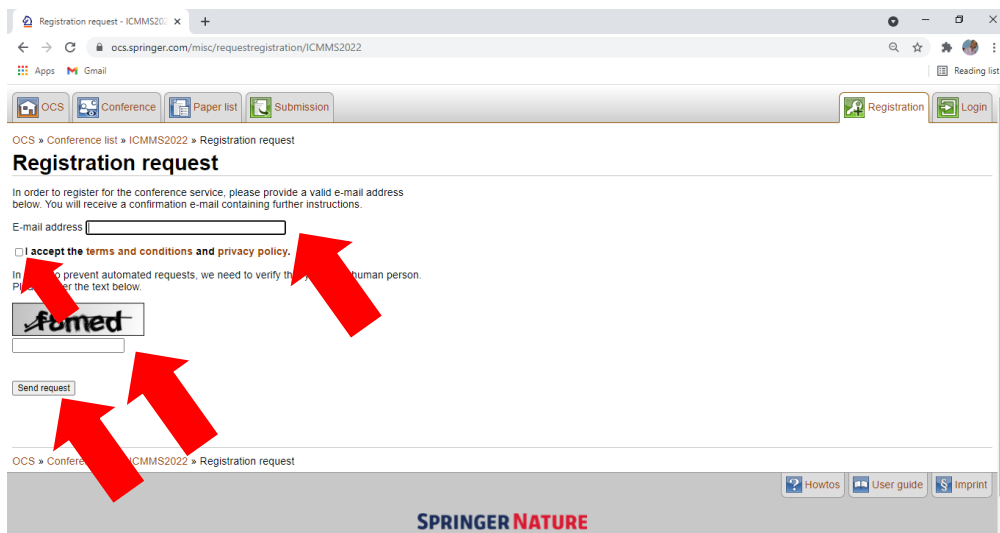

If your Abstract has been tentatively accepted, the Full Paper should be electronically submitted in the Springer OCS (Online Conference Service) tool **before 17th October 2021** since the peer review process and further updates of submission will be managed through the OCS.

[Please visit the ICMMS 2022 Springer OCS website](#)

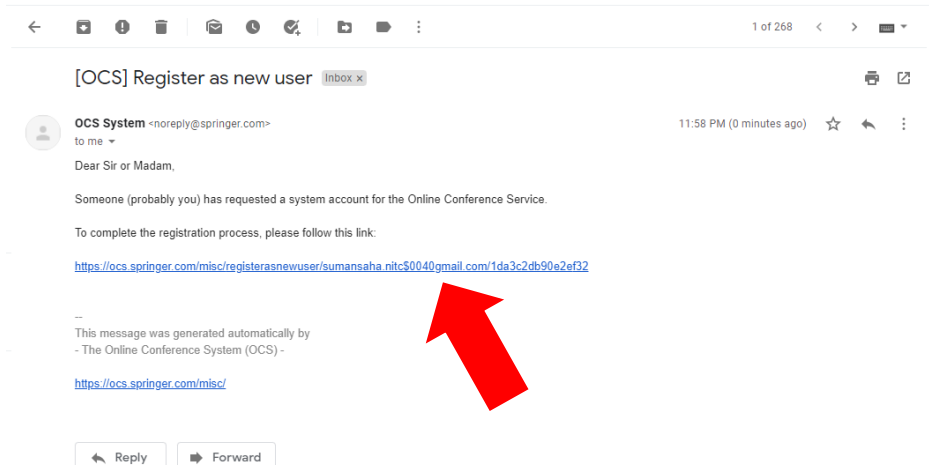

- All corresponding authors that are not yet registered in the OCS are requested to register by clicking in the green button **“Register for a new account”** in order to create the user login password.

- Type in your E-mail address, check & captcha and click the **“Send request”** button. The author must use in the Registration request the same e-mail address provided as corresponding author for the conference.

- After sometime, a confirmation mail will be sent to the email address from the **OCS system**. Follow the registration link. Kindly check **“spam”** folder as well.

- Click the sent link. Fill in all the required text fields, afterwards click on the Register button.

Do you already have an account for another e-mail address?
If you own an account with another e-mail address, you do not need to fill the form below. Instead, please add your e-mail address to your existing account.
